Virtual Ticket Sponsor

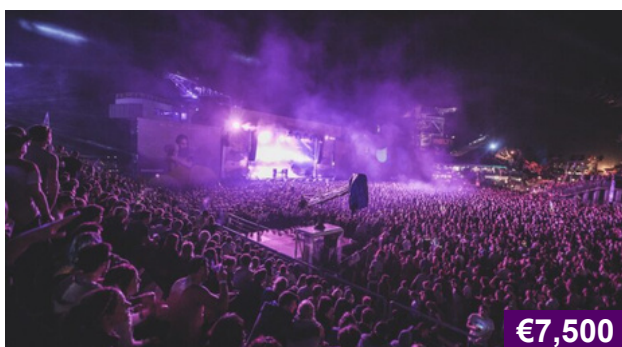

Extend your brand's reach beyond the venue by sponsoring the virtual experience. Your logo, website link, and social media handles will be prominently displayed on the live video streaming platform and included in all downloadable session recordings. Perfect for companies looking to connect with a wider audience and showcase their support for inclusive, hybrid participation.

This package associates your brand directly with thought leadership and high-level discussions. It's an ideal opportunity to showcase your company's commitment to innovation and industry excellence.
